

ST GEORGE'S PARK

“Young at Heart”

Terry and Val Thompsett

**Why they chose St Georges Park
Retirement Village.**

Using the last few months to look at what the future may look like, an increasing number of the over 60's are turning to retirement communities like St Georges Park Retirement Village in Ditchling, Sussex.

New residents, Terry and Val Thompsett moved into their apartment in October this year. Terry and Val decided to move to St Georges Park because of the support, help and care available.

They commented “The Covid situation has highlighted even more the benefits of living in a retirement village with all the changes that have been made to help the more vulnerable during this time.”

They went on to say “Having watched the village develop and grow over the last 14 years we finally decided that we needed to make the move whilst we are relatively fit. Should we require, we have a support network available to us, from domestic help and personal care to eateries, leisure facilities and an onsite shop”. Although ‘young at heart’ time does catch up with you and we feel even after such a short time of living at St Georges Park that we have made the right decision.”

Village Manager Paul Ray-Gain. “We have been welcoming new residents throughout the pandemic and continue to do so. We are finding that people are deciding to move to St Georges Park because of the ‘safety net’ not just because of the lifestyle we offer. We were delighted to welcome Terry and Val Thompsett to the village along with some other new residents. We have ensured that they have been made to feel welcome and settled despite the restrictions that we have had to impose.”

CEO Philip Smith. “Since the pandemic we have seen a shift in the reasons behind people moving to the Village. We are extremely lucky to be able to offer residents a beautiful estate, fantastic facilities and a support network that is second to none. We offer the whole package”.

Set in 250 acres of rolling lawns, beautiful landscaped gardens and extensive farmland located near the South Downs. St Georges Park is a thriving Village community for the 60's and over.
